

Princess Alexandra Hospital
Permanent Nursing Pool (PNP)

Graduate Nurse Program

Hospital overview

Princess Alexandra Hospital (PAH) is a large 780 bed tertiary health care centre, providing care in most major adult specialties.

- We are nationally recognised for our expertise in trauma management and major organ transplants.
- We are one of Australia’s leading academic and research health centres.
- Our nursing excellence is internationally recognised, and we are the only hospital in Queensland that has prestigiously been formally recognised as a Magnet organisation since 2004 by the *ANCC Magnet Recognition Program®*.
- Continued Magnet Recognition ultimately recognises excellence in the practice of our 2,400 nurses, the delivery of high-quality care, support for personal and professional development, the supportive team environment and the commitment and passion to safe person-centred care.

Program overview

The PNP Graduate Accelerated Program (GAP) is:

- A 26-week accelerated structured program.
- Focused on consolidating fundamental nursing skills gained through tertiary education.
- Not limited to one type of nursing experience.

The PNP GAP is composed of:

- Orientation, learning pathways and rotations through Divisions of Medicine, Surgery and many other clinical areas predominately at PAH.
- Educational “Study Days” dedicated to PNP graduates
- PNP graduate competency book
- Dedicated PNP clinical facilitator support
- Scheduled feedback on progression
- Regular recruitment intakes throughout year

Unit information

PNP at PAH is one of the largest and most dynamic units within the hospital. PNP consists of dedicated and multi-skilled nursing staff that have been employed to meet the emergent staffing needs of the hospital.

PNP staff work across all areas of the hospital, and associated areas. This provides a unique opportunity for staff to develop skills they may not have been exposed to in one area. These acquired skills are not bound to one specialty but are transferable across all areas developing staff both professionally and personally.

Testimonials

“... working in pool trained me to be ready for anything.”
(PNP Graduate, 2018)

“You know there’s always someone there ... they’re always available” (PNP Graduate, 2018)
