

# Bold ideas, better solutions 2018 > The Hopkins Centre Symposium

Thursday 15 November 2018

Translational Research Institute Australia  
Princess Alexandra Hospital | Brisbane

## Bold ideas, better solutions 2018

will bring together a diverse array of experts to share their knowledge and experience in highlighting the valuable contributions of collaborative research to **'enhancing the experience of rehabilitation'**.

This event will be a great opportunity to showcase, connect and share new ideas, best practice and enable innovative solutions that enhance the health and wellbeing of people with long-term and complex rehabilitation needs, and their support networks.

The stimulating program for this day-long symposium will include internationally renowned keynote speaker, featured invited speakers, oral and poster presentations and ***candid conversations with consumers***.

**Date:** Thursday 15 November 2018

**Time:** 9am to 5pm

**Venue:** Translational Research Institute (TRI), Princess Alexandra Hospital, Brisbane

**Includes:** Session attendance, poster & art exhibition, barista coffee, morning tea, lunch, and afternoon tea catering, as well as post-networking event with canapés

**Cost:** Free

Headlining the event as keynote speaker and social policy expert is the **internationally renowned Dr Karen Fisher** from the University of New South Wales UNSW.

Dr Fisher is a Professor at the Social Policy Research Centre, UNSW, disability policy in Australia and China, focusing on the organisation of social services, inclusive research and evaluation methods. Her work informs on policy change and implementation of NDIS for people with disability, government and organisations. The keynote presentation will focus on inclusive and collaborative disability and evaluation. Providing examples to explore the ethical & practical considerations of this approach to research. Dr Fisher will also discuss how these examples demonstrate impact on the quality of the research & service improvement.
