CHRISTMAS CAROLS

Presented by:
Orthopaedic OPD

CHRISTMAS CAROLS

We (Orthopaedic Outpatient Team) chose "Away in a manger" as the theme of our decoration to remind us about the true meaning of this season, which is the birth of the child, we call Jesus. We want to point out two things which we focus on with this decoration.

First is, "The Star" which is the brightest star that led the three wise men to the manger to see the baby and offered gifts.

Secondly, is the "Baby" (Jesus Christ) which is the reason why we celebrate this time every year. We know that this baby has an influence on us to be better people and most importantly he teaches us to love everyone regardless of who they are.

We ask that you keep an eye out when entering the ward, for there are things to read that are stuck on the wall as well as stars for you to follow.

Your way to the manger would be to follow the stars and it will lead you to a display we as our team have come up with, for you to enjoy and to experience a small fraction of what the three wise men saw.

ENJOY!!
