

Interested in research but don't know where to start?

Need help with an existing research project?

Bayside Health's Academic Research Manager is here to help you with all your research needs, including:

Help starting research

Method and statistics questions

Advice and assistance with grant applications

Guidance on ethics and governance approvals

Research training

And so much more – just ask!

Please contact **Dr Libby McCourt** for more information and support.
Available Monday, Wednesday, Thursday, Friday 8am-4pm

Phone: 3488 4984
