

Interested in research but don't know where to start?

Need help with an existing research project?

QEII Jubilee Hospital now has a Research Navigator to help you with all your research needs, including:

- **Help starting research**
- **Advice with grant applications and funding opportunities**
- **Guidance on ethics and governance approvals**
- **Research training**
- **And so much more – just ask!**

Please contact Anne Zielke for more information and support. Available Monday - Friday 8am-4pm
