

Safe in our care

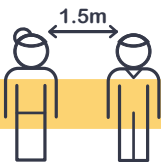

At Metro South Health, we've taken extra steps to ensure *you* are safe in our care.

Safe *booking*

We are screening everyone who has an appointment to ensure patients are treated in the safest location for all, whether it's at home or at hospital, to stop the spread of germs.

You may be offered a phone or video appointment.

Safe *waiting rooms*

There are fewer people in our waiting rooms and chairs are further apart for physical distancing.

Surfaces are cleaned more often.

Hand sanitiser is available.

Safe *spaces*

Our common and food areas are cleaned regularly.

We have removed all reading material to keep you safe.

Safe *appointments*

Our staff will wash their hands when checking you in, during your appointment and between patients.

Our exam rooms are cleaned between every patient.
