

Dr Michael Huo MBBS, FRANZCR

SPECIALIST AREAS

Dr Michael Huo is a Radiation Oncologist at the Princess Alexandra Hospital in Brisbane, and is part of the Gamma Knife® Centre of Queensland.

He specialises in stereotactic radiosurgery and urological cancers, and has an interest in the rapid relief of symptoms with palliative radiotherapy.

EDUCATION

Having grown up in Brisbane, Dr Huo completed his medical degree at the University of Queensland in 2010. He commenced specialty training in Radiation Oncology in 2014, rotating through Cairns, Toowoomba, and Brisbane.

He was awarded a Fellowship of the Royal Australian and New Zealand College of Radiologists (FRANZCR) in 2019. In 2018 he commenced a 12-month clinical fellowship at the world-renown Princess Margaret Hospital in Toronto, Canada, where he focused on stereotactic radiosurgery and palliative radiotherapy.

In 2019 he was appointed as the inaugural Gamma Knife Fellow at the Princess Alexandra Hospital, before being appointed as a Staff Specialist in 2020.

RESEARCH & PUBLICATIONS

Dr Huo is involved in the recruitment of patients to clinical trials involving brain metastases and genito-urinary malignancies such as prostate cancer. He is the local principal investigator for an intracranial stereotactic radiosurgery study, and has published textbook chapters and multiple papers in peer-reviewed journals. He has presented his work at national and international conferences, and serves as a reviewer for a number of journals.

AWARDS & MEMBERSHIPS

Dr Huo is a member of the Royal Australian and New Zealand College of Radiologists (RANZCR), the International Stereotactic Radiosurgery Society (ISRS) and the Leksell Gamma Knife Society (LGKS) and the Australian and New Zealand Urogenital and Prostate Cancer Trials Group (ANZUP).

He holds the position of Senior Lecturer for the University of Queensland. He is also an educator for the Queensland Radiation Oncology Training Network and for final year UQ medical students.
