

Logan Hospital

Graduate Nurse and Midwifery Programs

Hospital overview

Logan Hospital is located in one of the fastest growing regions in Queensland. Logan Hospital is currently a 425 bed secondary teaching hospital that is undergoing expansion to accommodate the needs of its growing community.

As a teaching hospital, Logan Hospital helps train future health care professionals and participates in research through strong partnerships with Queensland's leading tertiary institutions.

In 2017 Logan and Beaudesert Hospitals became the first Network in Queensland to be Pathway designated by the American Nurses Credentialing Centre. Being a pathway designated facility means that as an organisation:

- We have pride in our profession
- Are internationally recognised for excellence
- Attract high quality applicants to our organisation
- Have high levels of staff retention
- Excellent patient satisfaction

Program overview

- A structured graduate program that will assist you to transition from novice graduate nurse/ midwife to a confident and skilled practitioner.

Interprofessional Graduate Programs TBA

Testimonials

“The continuous education that is provided is second to none, helping to bridge the gap between theory and practice and contributing to the implementation of evidence-based practice in the clinical setting through ongoing support and development during my time as a Logan hospital graduate.”

“The graduate program at Logan Hospital is amazing! I felt so supported from everyone involved in my graduate year, from the clinical facilitators to the staff on my unit. My graduate year has provided me with the opportunity to improve patient outcomes and deliver excellent competent nursing care.”

“During my time as a Logan graduate I felt incredibly supported. The program is designed to ensure you have emotional support, learning support and are encouraged to expand your knowledge and skills so that you can confidently become the best midwife you can be.”

“The team at Logan has been so supportive, encouraging and excellent at providing feedback to assist me in my personal and professional development as an RN.”

How we support our graduates

- **Graduate Co-ordinator - Nurse Educator:**
Logan Hospital has a graduate educator who is responsible for the co-ordination and management of the graduate program.
- **The Nursing and Midwifery Practice Development Unit (NMPDU):**
The NMPDU is committed to the development of all graduates. Educators and clinical facilitators work closely with graduates to support the transition from student to clinician.
- **Clinical coach:**
Clinical coaches are experienced nurses and midwives on the clinical floor who assist in the socialisation, learning and support of the newly employed.
