

Lift the Lip

How teeth decay

Causes of decay

- More sugar = more acid
- Acid = demineralisation of teeth
- Acid bath present for 30 to 60 minutes after eating
- Allow two hours between eating
- Saliva remineralises teeth

Metro North and Metro South Oral Health Services welcome all children 0 to 17 years of age referred by CYCHS - Child Health Service. For more information contact Oral Health Services.

Phone: 1300 300 850

A simplified model of the decay process
