

Princess Alexandra Hospital
Cardiac Catheter Laboratory (CCL)

Graduate Nurse Program

Hospital overview

Princess Alexandra Hospital (PAH) is a large 780 bed tertiary health care centre, providing care in most major adult specialities.

- We are one of Australia’s leading academic and research health centres.
- Our nursing excellence is internationally recognised, and we are the only hospital in Queensland that has prestigiously been formally recognised as a Magnet organisation since 2004 by the *ANCC Magnet Recognition Program®*.
- Continued Magnet Recognition ultimately recognises excellence in the practice of our 2,400 nurses, the delivery of high-quality care, support for personal and professional development, the supportive team environment and the commitment and passion to safe person-centred care.

CCL mission statement

CCL promotes and facilitates a culture that encourages research in the delivery of evidence-based practice resulting in excellent patient care.

We provide a high standard of patient focused care working in partnership with the patient, their family and the cardiology team.

CCL operates Monday to Friday and provides 24-hour support. It is a major tertiary referral centre for Metro South Health and South West Health.

CCL is staffed by a multidisciplinary team including nursing, medical, radiographers, cardiac physiologists, administrative and support officers.

Graduate support

In CCL you can develop your skills and knowledge as a Registered Nurse in a supported environment.

- A full time CCL nurse educator
- Experienced nurse preceptors
- 1:1 graduate / preceptor ratio for a minimum of 3 months
