

Princess Alexandra Hospital
Internal Medical Unit (IMU)

Graduate Nurse Program

Hospital overview

The Princess Alexandra Hospital (PAH) is a large 780 bed tertiary health care centre, providing care in most major adult specialties.

We are nationally recognised for our expertise in trauma management and major organ transplants.

We are one of Australia's leading academic and research health centres.

Our nursing excellence is internationally recognised, and we are the only hospital in Queensland that has prestigiously been formally recognised as a Magnet organisation since 2004 by the ANCC Magnet Recognition Program®.

Continued Magnet Recognition ultimately recognises excellence in the practice of our 2,400 nurses, the delivery of high-quality care, support for personal and professional development, the supportive team environment and the commitment and passion to safe person-centred care.

Unit overview

The Internal Medicine Unit (IMU) is a combination of three wards within the Princess Alexandra Hospital.

The wards specialise in the below patient areas:

Ward 5A – 28 bed inpatient unit

- General medicine
- Hypertension
- Clinical toxicology
- Age-related behavioural disturbance

Ward 5B – 24 bed inpatient unit, 6 bed hyper acute stroke unit

- General medical
- Acute stroke
- Rheumatology
- Immunology

Ward 5C – 24 bed inpatient unit

- General medicine
- Diabetes and endocrine
- Eating disorders

Program overview

The IMU Graduate RN Rotation Program provides RNs with the support and education required to consolidate clinical practice skills in acute general medicine. The program is structured over 12 months and rotates through Wards 5A, 5B and 5C.

Practice Development is supported by preceptorship, mentorship, clinical facilitators along with dedicated Nurse Educator support and support from the Nurse Practice Development Unit (NPDU).

During the 12 months the graduate RN will gain knowledge and experience in acute general medicine, working through structured clinical skills and education packages.

Hospital initiatives
