Reflections on culture in practice amongst consumers, clinicians, and team leaders/directors in Metro South Addiction and Mental Health Services:  
From meaning to practice.

### WHAT IS THE PURPOSE OF THIS STUDY?

- Understand the barriers and enablers of mental health care for people with a culturally and linguistically diverse background.
- Your perspective will provide valuable insight into how mental health care is facilitated by systems and delivered by mental health professionals.

### WHAT WILL I BE ASKED TO DO?

- Answer some questions about your experience as a clinician, team leader, director in providing mental health services.
- Be part of an audio-recorded interview that will take up to an hour.
