

Redland Hospital Emergency Department

Graduate Nurse Program

Hospital overview

Redland Hospital is the major health centre for the Redland and Bayside suburbs with 172 overnight beds and treatment spaces.

Redland Hospital is a diverse area providing care in several specialty areas including emergency medicine, general medicine, surgery, cardiology, obstetrics and gynaecology, renal dialysis, paediatrics and mental health. Redland Emergency Department attended to 55,891 emergency presentations in 2019.

Graduate program overview

The graduate nurse program at Redland Emergency Department is a 12-month program.

The graduate program will consist of 11 supernumerary days:

- Corporate/hospital orientation (1 day)
- Nursing orientation (2 days)
- Graduate mandatory day (1 day)
- Orientation to clinical unit/working alongside preceptor (3 days)
- Graduate nurse study day (4 days)

During the graduate year you will be appointed preceptor nurses. Preceptor nurses are experienced role models who will work alongside you during the supernumerary phase and be rostered on the same shifts throughout the 12 months.

Unit information

The Redland Emergency Department contains 42 patient beds and is divided into various clinical areas offering different models of care.

Clinical areas:

- Acute/ Resuscitation
- Fast Track
- Paediatric Emergency Department
- Short Stay Unit
- Clinical Decision Unit
